VAT @ 20%:

Total:

All orders should be accompanied by a scaled cad drawing showing where you wish connections to be sited on your stand / set as well as relevant information on re-raised floor or a flat floor finish and location of the Mains feed.

500W Sockets are suitable for use with a single 4way adaptor to run Computers, TV's, pop up Stand lights etc. All sockets over this size are only to be used with a single item – ie single 13amp socket for 1 Electrical Power tool. For further information then please contact our electrical department.

All orders received 10 working days or less prior to the event build up day will be subject to a 20% surcharge.

Stagecraftuk reserve the right to substitute specified equipment with a suitable alternative if necessary. All orders are subject to Stagecraftuk terms and conditions.

Goods/Services will not be supplied unless fully paid for in advance.

Please tick the below box indicating how you would like to pay:

- Invoice for a BACS Payment
- Cheque – made payable to StagecraftUK
- Cred/Debit card (payments made via credit card will incur a 3% surcharge)

ADDITIONAL ELECTRICAL INSTRUCTIONS

NOTES:IMPORTANT PLEASE READ

Regulations now govern the electrical installations at most UK venues. The most pertinent are listed.

A full list is available from the venue.

1. All labour working on electrical installations must have proof of their competence, i.e. BECA registered or JIB approved.
2. Adaptors are not permitted
3. Only one four way trailing outlet (maximum 500w) per socket outlet may be used
4. Flexible cord (Round Cable) may not be longer than 2 metres
5. ELCB protection is required for each socket less than 2 metres (measured horizontally) from any sink unit / water outlet

General

1. Any complaints regarding electrical installations must be reported in writing before the close of the exhibition
2. Unless supplied with drawing the installation will be fitted at the electrician's discretion
